## Cashmaster **sigma** 105

If you count cash, then a Sigma 105 can help you!

The Cashmaster Sigma 105 is a fast and accurate count-by-weight cash-counting machine specifically designed to allow your business to save time, money and improve accountability.

Designed for single till use, the Cashmaster Sigma 105 assists with cashing out, float preparation, instant spot checks and bank deposits.

Our weight-based cash-counting solutions can help your business work more efficiently and are proven to prevent cash loss or shrinkage. Counting by weight is considerably faster and easier than counting by hand and highly accurate. Additionally, our products can count notes and coins, and instantly reconcile takings allowing you to conduct spot checks and bank deposits.
