

- Counts a till in under a minute
- Counts coins, notes and vouchers
- Saves time
- Advanced customisation options
- Portable

Cashmaster **230** *omega*

If you count cash, then an Omega 230 can help you!

The Omega 230 provides advanced cash-counting solutions for businesses that demand a higher level of flexibility, particularly in the processing of non-cash items such as vouchers and proactive management of cash on the shop floor. This allows businesses to actively monitor till discrepancies and speed up random till checks throughout the day. Multiple skims throughout the day can be reconciled with 'end-of-day' till counts.

It is ideal for customers who need the flexibility to quickly open or close tills according to customer demand. Our weight-based 'cash-counting' solutions can help your business work more efficiently and are proven to prevent cash loss or shrinkage. Counting by weight is considerably faster and easier than counting by hand and highly accurate. Additionally, our products can count notes, coins, vouchers and instantly reconcile takings allowing you to conduct on-the-spot audit checks.

Money counting by hand can be a time consuming and labour-intensive task where mistakes can be common.

Using a Cashmaster Omega 230 count-by-weight 'cash-counting' machine is a fast, simple, highly accurate method of counting cash. Time is money, so let Cashmaster save you both.

Every Cashmaster count-by-weight machine is built to the highest standard with the most advanced technology. They are lightweight, durable and portable with silent operation and a small footprint, making them ideal for various sectors such as retail and banking, in an office or even a front-of-house environment.

Your trusted global partner

Cashmaster International is a global company specialising in count-by-weight 'cash-counting' products and solutions. Established in 1977, all of our 'cash-counting' machines are designed and manufactured in Scotland.

We have offices in Europe, Hong Kong and the USA with distributors across the world. Our clients include some of the world's largest Blue Chip international companies in the retail, banking and restaurant sectors, to name a few.

We pride ourselves on our high level of customer service, before and after-sales care and building relationships to find the best solution to suit each client's requirements.

To find out more or to arrange a free trial, please contact us and we would be happy to assist you.
